ABOUT MYSELF

I'm a curious soul with a passion for innovation and reaching the masses through well written code. I learn very quickly, and eagerly adapt to new platforms and environments in the process of taking up any task.

My preferred areas of work are web design, financial applications and artificial intelligence.

I love Kubrick and Tarantino movies, classic rock and progressive house music, and games like World of Goo and Zuma Deluxe. In my opinion, there is nothing more beautiful than Nature. I have travelled widely and read a lot, and I wish to work on challenging projects in order to hone my skills.

CO-CURRICULAR ACTIVITIES

All India Rank 3 (out of approximately 5000) in the 5th National Cyber Olympiad conducted by the Science Olympiad Foundation, New Delhi, in 2005.

Qualified (among 200 out of 7000 aspirants) for the Indian National Olympiad in Informatics (INOI), conducted by the Indian Association for Research in Computing Science, in 2005.

Semi-finalist, Muscat IT Prodigy of the Year Quiz 2006 in Muscat, Oman.

Internship at Embun Elit Sdn Bhd, the distributor of Himalaya Herbal Healthcare Products in Malaysia during June 2007 at Kuala Lumpur, Malaysia. Designed VBA Macros for Excel 2003 as part of clerical duties.

Internship at Global Technology Innovations, LLC, a Muscat based software company in June 2008. Designed a program which reads an Oracle database and draws an organization chart based on employee data.

Internship at The Magnum Group, a web-based company in Chennai in December 2008. Designed a PHP/AJAX script with the aid of the Prototype framework for the company website, to dynamically calculate and display product prices according to quantities selected. In September 2009, created a macro for Microsoft Excel 2003 which imports the text output of TMG's Biometric Attendance System into an Excel worksheet.

4th Semester Mini-Project: Created a BGI Graphics Package in C++ with mouse support.

5th Semester Mini-Project: Created a MinRel DBMS in C++, and a model Interpol database in

CO-CURRICULAR ACTIVITIES

Oracle 10g Express Edition with a Visual Basic front-end.

6th Semester Mini-Project: Created a Mobile Services Management System using PHP, MySQL, and the CodeIgniter PHP framework. Also helped to model the problem requirements for a related Software Engineering project.

Major Project: Improving an existing solution to an NP-hard portfolio optimization problem that makes use of genetic algorithms.
